Black Prairie WMA

Funds donated from interested patrons have been used to purchase portable stall panels to increase the paddock area for horses at the Black Prairie Management Area near Columbus. This project took only 10 weeks to show large results. Hats off to Al Tuck and Area Manager Charlie Sanders for putting Foundation dollars to work.

Pascagoula River Fish Restoration

The third phase of this project will begin in March with fish from the North Mississippi Fish Hatchery and other hatcheries in the state. The financial portion of this project is from a 3-year commitment from the MS Power Company Foundation in Gulfport.

Mississippi Archery in Schools

As no surprise the tireless efforts of Waldo Cleland are once again showing what an “army of one” can do. The Harrison County School Board has recently approved \$98,000.00 to place archery in 22 schools. This brings our statewide total to over 100 public and private schools in the program. Help spread the word to your area educators as to the benefits of this great program.

Land Donation

This March the Ernest Kelly family will transfer ownership of appx. 158 acres adjacent to Tombigbee State Park to the MWFP Foundation. This parcel of mixed hardwood and pines will be protected from major development and will eventually have walking trails for access.

North Mississippi Fish Hatchery

A grand opening ceremony is being planned for the North Mississippi Fish Hatchery on I-55 North near Enid Lake. The event is planned for Wednesday, April 8, 2009 at 2 p.m. Foundation board member will receive invitations.

**The Clear Choice...
for your refund contribution dollars.**

You may elect to contribute all or part (at least \$1) of your income tax refund to:
The Foundation for Mississippi Wildlife, Fisheries, and Parks.

Your tax-deductible donation helps ensure that the beauty and diversity of Mississippi's rich natural resources will be here for generations to come.
